

PET Cu 64 Scan Patient Instruction Sheet

Procedure Date: _____ Arrival Time: _____ Scan Time: _____

Facility: _____ Fayetteville: 3232 N. North Hills Blvd. Fayetteville, AR 72703
_____ Rogers: 808 S. 52nd St. Rogers, AR 72758
_____ Springdale: 3901 Parkway Circle, Springdale, AR 72762
_____ Mountain Home: 639 Hospital Drive, Mountain Home, AR 72653

Nothing to eat or drink after _____ am/pm **Plain water only.*

Please follow these instructions:

- Allot 2-3 hours for your appointment.
- Let us know if you may be pregnant or breastfeeding.
- Refrain from short-acting somatostatin analogs for 2 days prior to scan.
- Refrain from long-acting somatostatin analogs for 28 days prior to scan.
- Hydrate with water before and after your scan, to help flush the radiopharmaceutical out of your body.
- Nothing to eat or drink besides plain water for 4 hours prior to your scan.
- If possible, dress in warm comfortable clothing. Avoid wearing items such as jewelry, zippers, metal snaps, underwire bra, etc. These items will need to be removed prior to your scan.
- Avoid close proximity to anyone under 18 and pregnant women for up to 3 days post scan.
- Avoid breastfeeding your infant for 3 days.

If for any reason you are not able to make your appointment, or have any questions about your test, please call the PET Department at 479-249-9027.
